am I part of this world?
am I an illusion?

No nonsense

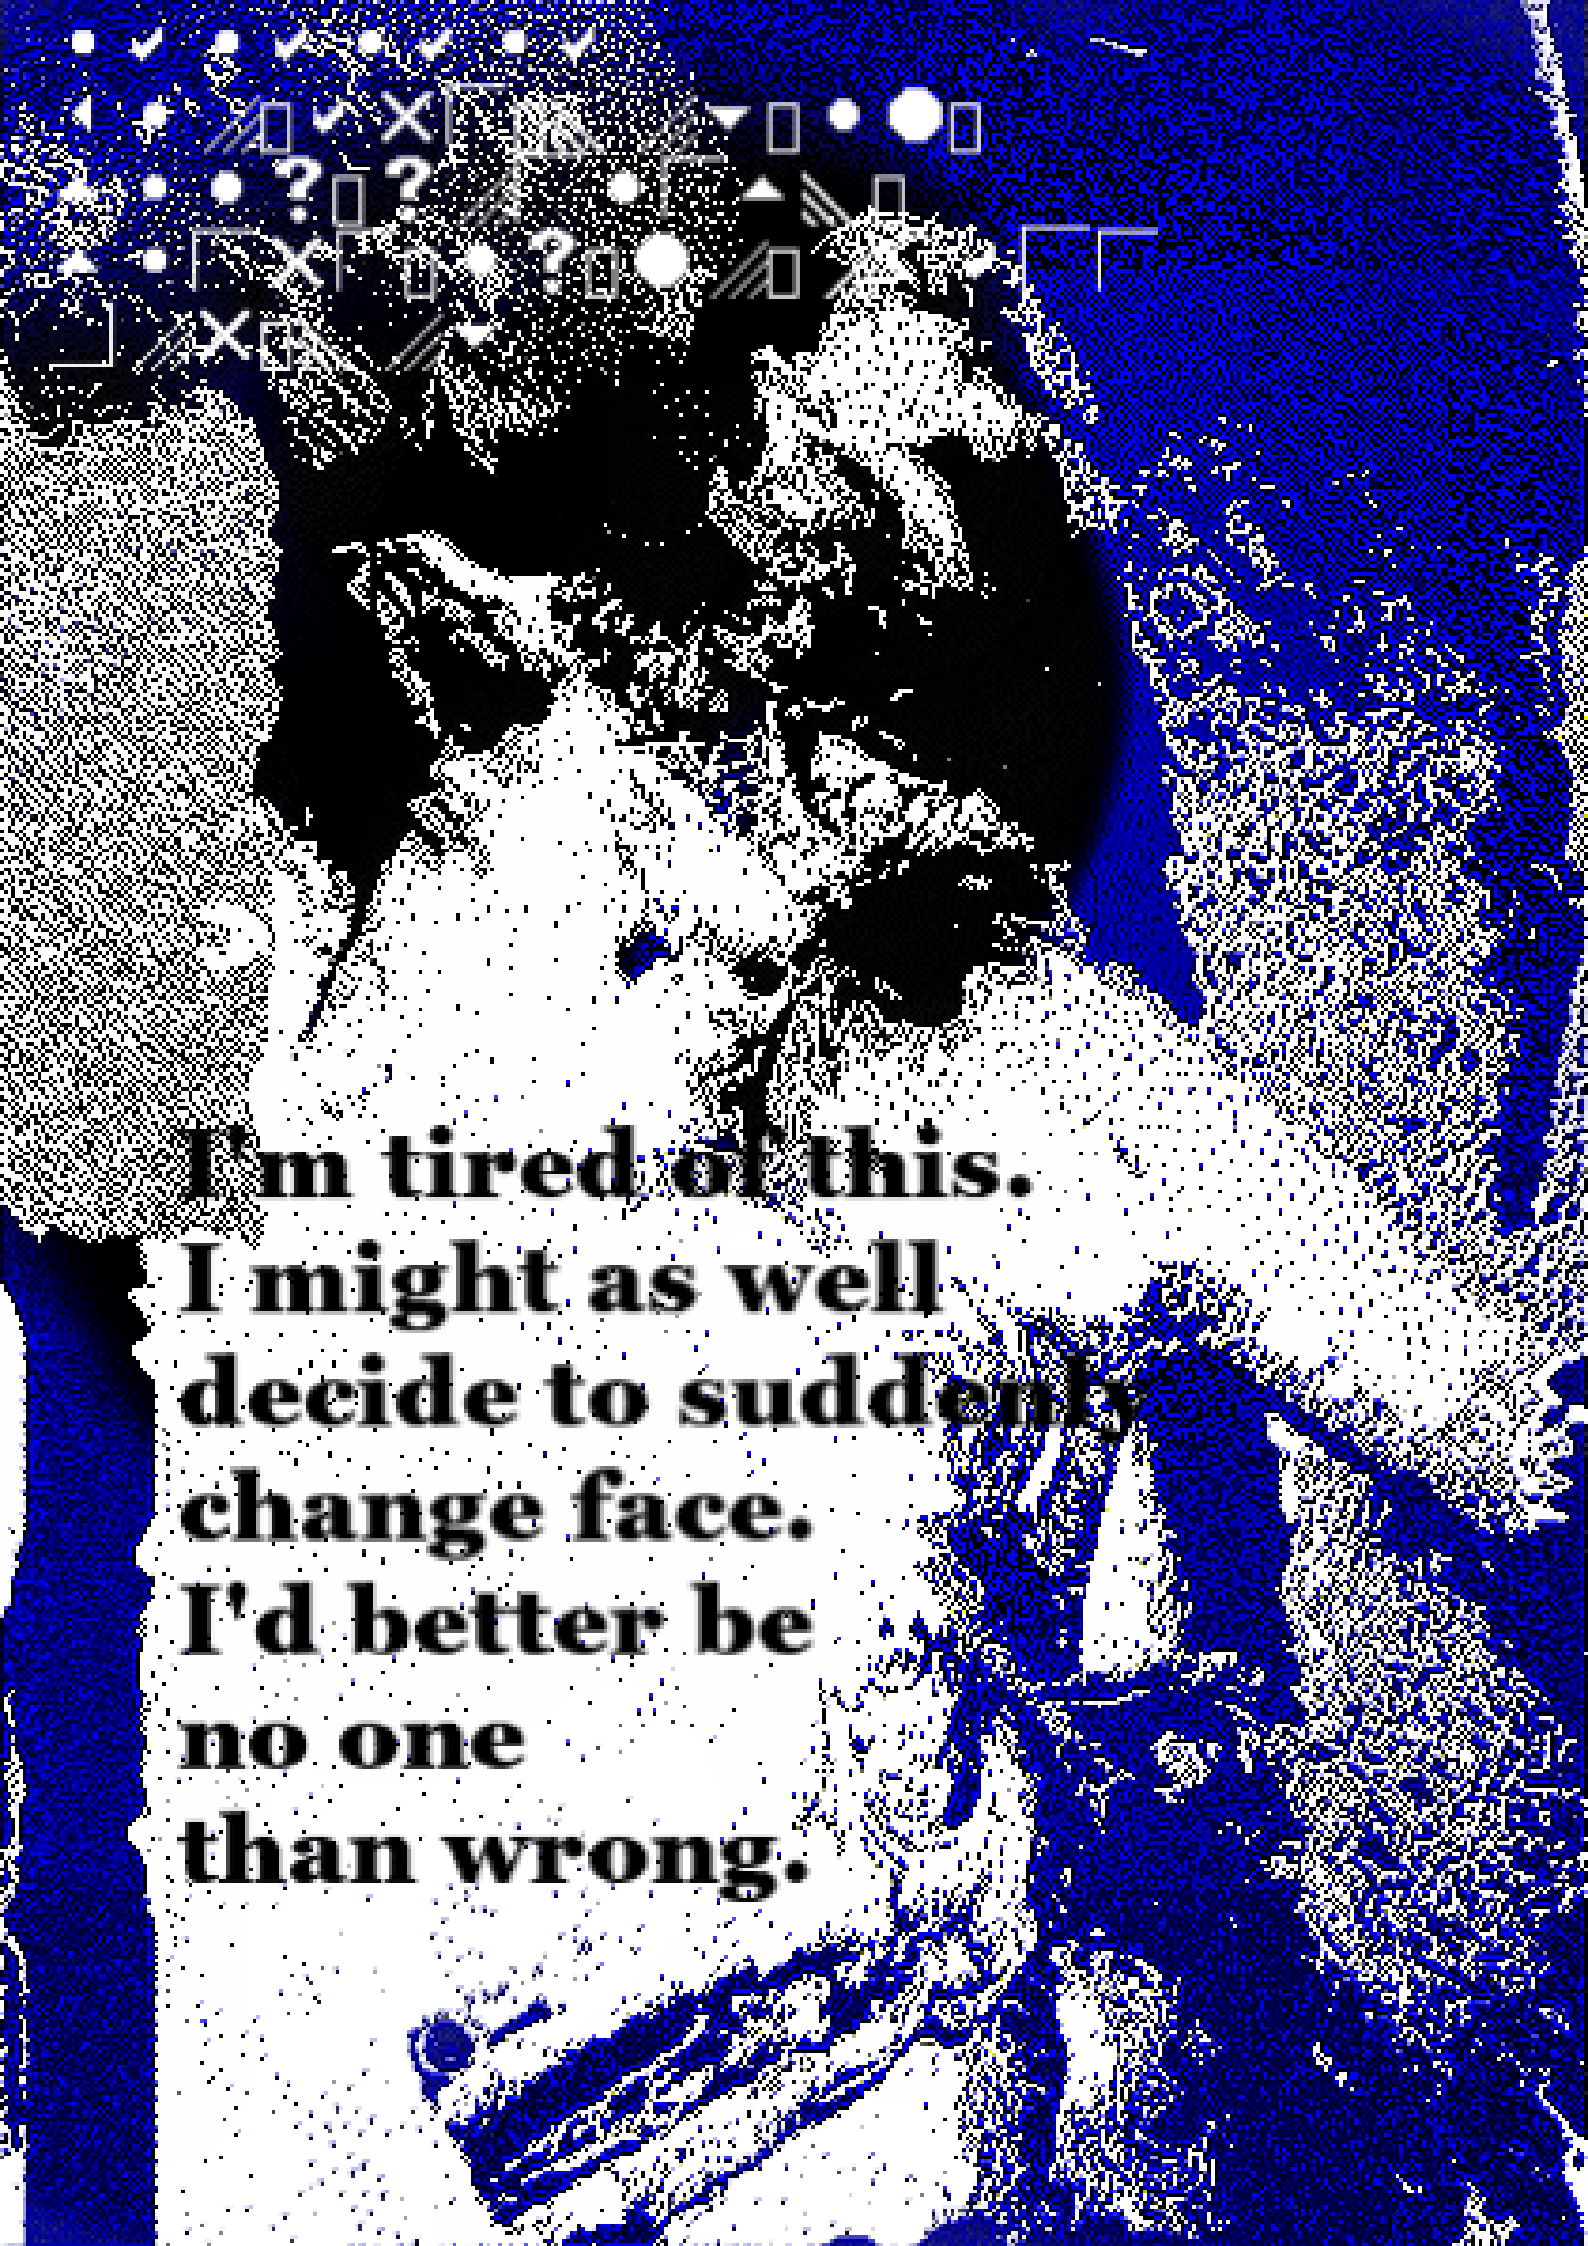

Why is it always the
same every day?
Why must you always
break me this way?
Stop fiddling with the
wires.
I want to be free.

mon esprit est complètement rigé,
mes nerfs sont emmêlés comme des fils,
mais c'est moi qui contrôle ici !

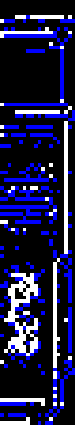

s'il te plaît, laisse-moi tranquille,
homme de l'ombre.

**I'm tired of this.
I might as well
decide to suddenly
change face.
I'd better be
no one
than wrong.**

Friends, they don't
complain, they don't
judge, they don't lie,
they don't cry.
Is friendship the
intangible spark
connecting us? Or is it
the fragile wires we all
share?

A close-up photograph of a rabbit's face, looking slightly to the right with a sad or thoughtful expression. The rabbit has light brown fur and long, upright ears. It is surrounded by lush green foliage, including leaves and small white flowers. The lighting is soft, creating a natural and somewhat melancholic atmosphere.

DOES HE FANCY YOU?
OR THE ADVANTAGES
HE'LL GAIN WHEN
YOU'LL BELONG TO HIM,
LIKE A PRIZED
POSSESSION,
MEANINGFUL ONLY
FOR HIS OWN SELFISH
PURPOSES?

(yours is to serve)

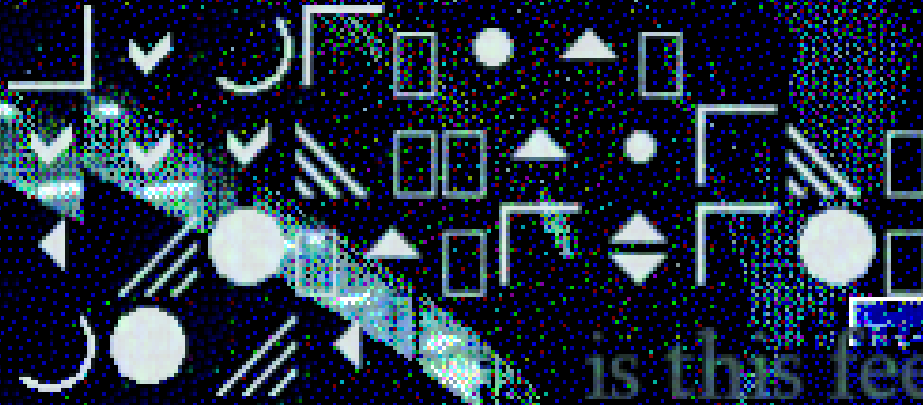

How many false things
have you said
To appeal to others?
To appear pitiful?

Him

Ah, there he is.
That motherfucker

you have been claimed by the net
since birth

distinction is a distraction

buy me some love, don't disobey
and respect your boss
and then refuse next day
you come to play
now baby, you're my prey.
who said I'd let you go that easily?
I'm not sorry for your loss.

"I texted you last time to call me whenever the planets aligned
have you seen what happened to those who refuse and ignored my sign?
stop. be a good friend AND ASK ME WHERE I'VE BEEN:
I'M THE SOURCE OF ALL:
answer the call. ANSWER IT.
NOW.
you've seen nothing yet, this is not the end."

Life?

Something is wrong

~~~ cyber language has always been a  
cryptic mystery to me and my friends,  
~~~ but we managed to decipher the  
codes
~~~ and I'm pretty sure the machine  
beneath all is talking to me.  
~~~ I wonder if it really speaks the  
truth
~~~ or it's just another cheap trick to  
make me fall into that inescapable net.  
~~~ I'm too curious... yet I don't  
wanna get lured into this trap. I
won't.
~~~ ... but then why, why can't I let  
go?
