How to log into someone's hotmail ccount without them knowing? Faggot poetry:

GUROFAG is a 24/7 Internet Television Radio Broadcast of PISS SHIT and FECES coming to you live from nowhere and no one at all.

It cannot be ignored. It cannot be turned off. Once you are exposed to it, your body is overtaken entirely.

The 24/7 GUROFAG SHIT-GNOSIS SHITSTREAM is a never-ending interdimensional radio TV broadcast that can be accessed and spread by anyone with an appropriate conduit device (phone, car, TV, mirror, dishwasher, etc.) or with the ability to tune their own resonant Bodies of Light to subtle frequencies of perversion and creative terror resting WITHIN the very heart of the living God, who just so happens to be our Very Special Host for this evening!

GUROFAG annihilates all duality and seeks Fetishistic Beauty in all the marginal Worlds Between Worlds where Beauty and Terror, Creation and Destruction, Life and Death, Sex and Violence, Good and Evil, collapse into one another and become wholly indistinguishable.

Gurofag's church is a public bathroom. GUROFAG's communion is expired roadkill. GUROFAG weeps when she sees the Face of God on a soiled couch in an empty parking lot.

GUROFAG has no platform and no ideology. The only thing GUROFAG aspires to is the wholesale destruction of middle class values.

The GUROFAG creed says All Art is Trash, All Trash is Art

- Effie "Roadhog" LaLumiere

we begin with the premise that its stupid to write about the deaths of people you dont know

and its stupid to presume to know enough about what could never be possibly known about someone to be able to write poetry about them

and to a certain extent, its stupid to differentiate between people you know and people you don't know

to presume that its possible to know anyone at all, or to somehow not know every single thing at once

because if you take the premise that all reality is mind, then that is mind and not minds

all experiences are shared, all pain is distributed

all realities can be fully understood even when there is no desire to or an active desire not to

so we begin with the premise that all reality is mind, and there is one mind, and that is the mind of the valley itself, and this mind is alive, and it itself is not strictly good or evil but its brutality remains just as radiant as its blessings, and its beauty just as horrifying as its bloodshed

and we begin with the premise that all that live in the valley become the valley and act in its mind

and the valley tempts towards understanding just as much as it tempts towards death

and a final death which is a totalizing reunion with the whole valley itself as a structure of a living organism

a death which reveals the illusory nature of death itself, for there can be no death where life constitutes the whole universe, and there can be no endings where no beginnings constitute the whole universe

thus we begin with the premise that there is no death, and there is only life, even in death

and thus the poem begins in the driver's seat of a used honda civic where we're nushing 80 miles per hour on I-90 and you can see the lights coming

There is a new wave of automation has been confirmed with many more added to it. The deal that they got was that if they gave information that was useful, they could have a better death or a jail cell for life. Obama gave up Michelle, then breached his warrant, so he got one in the back of the head. Michelle chose lethal injection.

Others were just executed. The doubles and AI clones were activated and the deep state now work for Trump. We have won with DECLAS, the show is just for the sleepers and to reveal the hidden players!

the metaphor is that
Pain is a casket opening
in reverse like a gash
and turning into a maze
spiraling into itself forever
and it'll eat all your friends

im aware that, to a certain extent, ive chosen this path for myself.

i want to keep pursuing these ecstatic, boundary-pushing experiences knowing that i live in a world which has zero support structures for such a venture, communal or otherwise.

to some extent, this is the fundamental suffering one takes on when choosing to be an artist, mystic, revolutionary, etc. you are standing up to the demiurge itself. a system that thrives off all forms of suffering and misery. to do what's right by all life, and to live up to your fullest potential in turn, is not an externally rewarding experience. it degrades you to the world. it humiliates you. you have to prepare to throw everything on the line at any moment. to make peace with eternal instability.

still i do it, and still i complain. but idk any other way to live.

i know in the very depths of
my heart that no matter what
anyone says, everything that
lives is holy.

we're capable of such beauty? of escaping the orthodoxy on our own terms? of taking agency over the entire world around us?

The voice of the Devil

All Bibles or sacred codes, have been
the causes of the following Errors.

1. That Man has two real existing principles Viz: a Body & a Soul.
2. That Energy, call'd Evil, is alone from the Body, & that Reason, call'd Good, is alone from the Soul.
3. That God will torment Man in Eternity for following his Energies.

But the following Contraries to these are True

1. Man has no Body distinct from his Soul, or that call'd Body is a portion of Soul discern'd by the five Senses, the chief inlets of Soul in this age.
2. Energy is the only life and is from the Body, and Reason is the bound or outward circumference of Energy.
3. Energy is Eternal Delight.
