If the U.S. monopoly capitalist groups persist in pushing their policies of aggression and war, the day is bound to come when the people of the whole world will hang them.

The same fate awaits the accomplices of the United States.

Dark Doom Z is a MUST.

3/5

Hellraiser 2 Doom
A classic WAD from 2001, rough around the edges but worth a play.

Recommended Mods:
-Dark Doom Z
-Universal Entrophy
-Gun Bonsai

Notes:
-Music is pretty bad, MIDIs ripped from other games that are ill-fitting, grab some dark, hellish ambient drone and this WAD is improved 10 fold.
-Harder than a dick made of diamonds, even for a seasoned Doomer, this is highly unbalanced. Hellish even.

4/5

The Bikini Bottom Massacre

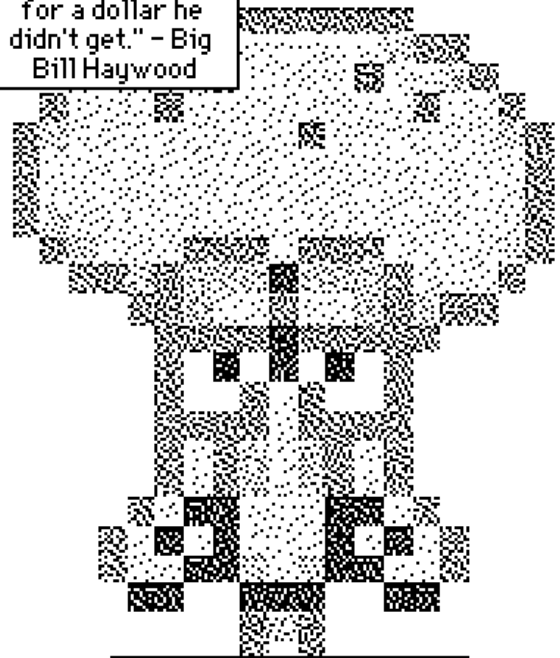

The Bikini Bottom Massacre is a ripper of a Doom total conversion, placing you in the role of Squidward, who's snapped after decades of wage cuckery. "Adult Swim" feel, highly recommended, yet hard to find due to copyright claims.

Kill Your Boss

SPLATTERHOUSE 3D

GUTS & GORE!

5/5

This game is a brutal beatdown, it's a mosh pit in the deepest bowls of Hell. In a word "it fucks". Better than the PS3 reboot, but lacking a few minor things to really bring it all home, thankfully we have mods to make this a damn near perfect experience.

Recommended Mods:
-Corruption Cards
-Nash HP Bar
-War Trophies
-Damage Numbers
-Frame Me
-Universal Entropy
-Gun Bonzai
