Weapons are an important factor in war, but not the decisive factor ; it is people, not things that are decisive. The contest of strength is not only a contest of military and economic power, but also a contest of human power and morale. People necessarily wield military and economic power.

What is a true bastion of iron? It is the masses, the millions upon millions of people who genuinely and sincerely support the revolution. That is the real iron bastion, which it is impossible, and impossible, for any force on earth to smash. The counter-revolution cannot smash us; on the contrary, we shall smash it.
